Specifications:

Batch Size:

1 Cubic Yard Hopper

Mixing Motor Size: 3 HP

Electrical Requirements:

220 VAC, single or 3 phase

Features:

- * Direct-drive power transmission
- * Sealed bearings
- * Abrasive-resistant steel bottom for long life
- * Magnetic motor starter
- * Adjustable center dump door
- * Heavy-duty spiral ribbon blender
- * Safety lid with automatic cut-off switch

Options:

- * Mobility package: heavy-duty casters
- * Tow package: pneumatic tires and trailer hitch
- * Heavy duty package: includes motor and frame upgrades

This batch mixer is designed for uniform blending of a wide variety of materials such as peat, bark, soil, sand, chemicals, and fertilizers. The ribbon blender channels material from the hopper sides through the center resulting in quick, even blending and easy material removal through the center discharge hatch. The direct-drive power transmission is more efficient and eliminates the maintenance headaches of chains and sprockets.
